Beloved Children:

During the Transmission Flame Ceremonies at Shamballa recently, We had the rare privilege of hearing from the blessed lips of the Beloved Sanat Kumara Himself an Invocation to the Supreme Being to All Life, followed by a brief address to the pilgrims on the path, which I offer you now for your spiritual edification and comfort.

It is Our endeavor, through the repetition of these addresses delivered by the God-free at inner levels, to connect your outer minds, beloved ones, with the scenes and activities you enjoy while functioning in your etheric bodies. We are aware of the fact that it is very often the cause for distress and self-depreciation on the part of many of the students that they do not always bring back the memory of people, places and events they have contacted while the physical body slept, but for your comfort let Me inform you that this apparent disconnection in the memory faculty is not necessarily the result of spiritual unworthiness on the part of the individual, but rather is it caused by the density of the psychic and astral substance which forms the atmosphere of Earth.

As this human effluvia is purified and transmuted into its own natural light element by the Sacred Love of the Sacred Fire magnetized and drawn into the physical atmosphere of Earth by the conscious and persistent calls of the awak-

ened members of the race, the pressure on the mental and emotional bodies of the people will be removed; the veil that now exists between the higher and the lower octaves will be dissolved; communion with the Heavenly Host will be re-established, and Angels, men and elementals will walk hand in hand again as they did 'in the beginning', fulfilling their individual divine destinies through combined cooperation and harmony. It is to hasten this happy event on the planet Earth, beloved ones, that certain members of the Ascended Host have chosen to devote all Their time and energies to freeing the God-Life evolving on this erstwhile 'dark star'.

Blessings and Love,

MAHA CHOHAN

SANAT KUMARA speaks to the unascended multitude:

Beloved Friends:

Tonight it is My opportunity and joy - My privilege and honor to project into your consciousness the quality of energy which is within My Flame.

What is Flame? And why does mankind shy from that word?

Flame is but a concentrate of life energy which has been qualified by some Intelligence to act in a specific manner; a concentrate of energy qualified by the feeling world of some self-conscious Intelligence to act in a specific manner. As that energy, magnetized, drawn and concentrated, is CHARGED and CHARGED with a specific feeling, it becomes a FLAME which can and will enter into the energies and world of anyone who chooses to use it.

Now, the quality which I offer, tonight, to mankind, to elemental life, to imprisoned angels and to the planet itself is PATIENCE - the COSMIC FLAME OF COSMIC PATIENCE. Can you accept It in Its fullness? Think it through!

What is Patience, beloved ones? It is merely control of the energy of the inner and the physical bodies. It is the capacity, when treating any expression of life needing assistance, to hold your energy in perfect harmony and then project it forth according to the direction of your Christ Self for the accomplishment of some good purpose.

You have been given an assignment on Happiness! Now, in preparation for the Holy Season, I give you an assignment - and that is to become patient men and women!

Let Me differentiate, for your enlightenment, between the quality of patience and that of lethargy or indifference. The patient man is not the indifferent or the lethargic man. The patient

man is positive, poised, powerful. He does not allow his energy to go from him, either in thought, feeling, gesture or word, until the God-Self has qualified it with Its Nature, and then only does it go forth in blessing.

All over this known world tonight, the waking and the sleeping, those who are aware of Our Activities and those who are not, as the Transmission Flame encircles the Earth, will be aware of the Patient Feeling which it has been My joy to develop; which has sustained Me through the ages, and which has brought Me to this day. May My love and gratitude NOW enfold the beloved planet Earth and its evolutions.
